

Tech Career Fair 2007

Hosted by Computer Science, Electrical Engineering, Engineering Physics, and Management Information Systems Clubs

About Our Fair?

Last year's Career Fair attracted 18 companies with each company showing interest in joining our fair again. Because of having a successful fair last year, we are teaming up once again to offer companies access to a greater portion of the student body than ever before.

Our combined career fair means a better opportunity for tech companies to meet with as many as 2000 Computer Science and Engineering students attending our career fair!

Date: January 25th, 2007

Time: 10AM - 4PM

Location: Student Union Building
(Ballroom / Party Room)

What We Offer:

Booth in Main Hall (\$600/company)

- The provided booth will be located where you will have the opportunity to meet with students from a wide range of high-tech disciplines, including both co-op and soon-to-graduate students. Your booth provides a space to set up a display, handout literature, and receive resumes.
- Each booth is 8' x 8', with an 8' back wall and 4' side walls. Each booth comes with lights, electrical outlets, and a draped table on to which posters / banners can be attached.
- In addition, we provide a complimentary catered lunch for your representatives, as well as a parking pass.

(See attached floor plan for booth locations)
